

## Jesus Came To Heal – Ultimately!

December 19, 2021  
Mark 6:53-56

Pastor Mark Turner  
Oakbrook Community Church (PCA)

### Finally Ashore After A Long Night

- Jesus settled the storm, now they are ashore
- Jesus is immediately recognized - desperate needs
- Ministry & healing begins again

### A Glimmer of Hope

- While Jesus heals physically that doesn't fix everything
- Healings show us Jesus is God's answer to the Fall
- God Himself is among them, restoring & healing!

### Jesus Glorious Compassion

- What were the disciples thinking? Do they get it?
- This is the Gospel in action:  
Divine Power+Divine Compassion = Everything You Need!
- We are seeing central events of History!
- History viewed as:
  - Creation
  - Fall
  - Redemption
  - Restoration
- This is Jesus demonstrating He has come to Redeem & Restore His Creation! Jesus is the Messiah!

### Applying the Lessons

- How could people miss Jesus as Messiah?
- Ask: Does the Word or Gospel shape your life?
- Don't be like the crowds – looking only to what you get from Jesus – look to God's Grace found in Jesus!
- Remember: you have faith by God's grace... don't miss God's compassion on you
- Jesus came at the 1<sup>st</sup> Advent to purchase redemption, He is coming again to fully restore you and His Creation for fellowship with Him!
